

CAREGIVING THROUGH DIFFICULT TIMES

California Alliance of Caregivers Statewide Resource Family Forum

California's foster and kinship caregivers are the primary intervention into the lives of abused and neglected children in foster care. Foster care outcomes can improve when caregiver feedback is included into program and policy development and implementation.

Share your helpful advice and needs with other caregivers. Identify additional resources and connect with your caregiving community.

February 24, 2021
6:00 - 7:30 p.m.
